A complete translation of Caffaro's annals allows readers to assess the role of crusading in the overall history of Genoa. An excellent introduction judiciously explores the wider context of Genoese history in the twelfth century. The introduction argues that piety was at least as strong a motive as greed in explaining the ships and money the Genoese poured into wars against Muslim powers at ...

Caffaro's main composition, the Annals of Genoa, began with the First Crusade and extended down to 1163. It also covers the city's dealings with the Papacy, the German Empire, Sicily, Muslim Spain, and Pisa, as well as the development of Genoa itself. Sections from Caffaro's continuators take the story down to the Third Crusade. Caffaro's two other texts are exclusively about the ...
