Explains the legislation governing Tree Preservation Orders and tree protection in conservation areas.

Tree Preservation Orders and trees in conservation areas

The conservation-restoration of cultural heritage focuses on protection and care of tangible cultural heritage, including artworks, architecture, archaeology, and museum collections. Conservation activities include preventive conservation, examination, documentation, research, treatment, and education. This field is closely allied with ...

Conservation-restoration of cultural heritage - Wikipedia

Cemeteries and graveyards face dramatic pressures -- from development, from abandonment and decay, from nature, and from vandals. In many respects they are also very different from other historic and archaeological resources, since they often involve a variety of functions -- sacred, artistic, historical and genealogical.
