The Value of Project Management

Project planning is a process used to establish how to complete a project within a certain time period, under a certain budget and with a set of resources. To accomplish all these a project plan must be created. It will help you to plan the steps of your project and it will save you money while getting it done on time. So, according to me it is must to do project planning.

4 reasons why a project plan will make your life easier

I've been giving some thought recently as to what lies behind the work we do as project managers. Too often we get caught up in the tools and techniques, the how of what we do, without looking at the concepts and ideas behind it, the why of what we do.
